-

Any person who believes they have been discriminated against on the basis of race, color, or national origin by Bluebonnet Trails may file a Title VI complaint by completing and submitting the agency's Title VI Complaint Form. Complaint forms can be found on our website: <https://bbtrails.org/get-help/> or requested at: complaints@bbtrails.org

Bluebonnet Trails Community Services investigates complaints received no more than 180 days after the alleged incident. Bluebonnet Trails Community Services will process complaints that are complete.

Once the complaint is received, Bluebonnet Trails Community Services will review it to determine if our office has jurisdiction. (A copy of each Title VI complaint received will be forwarded to TxDOT Public Transportation Coordinator within ten (10) calendar days of receipt.) The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by our office.

Bluebonnet Trails Community Services has 20 business days to investigate the complaint. If more information is needed to resolve the case, Bluebonnet Trails may contact the complainant.

The complainant has 3 business days from the date of the letter to send requested information to the investigator assigned to the case.

If the investigator is not contacted by the complainant or does not receive the additional information within 3 business days, Bluebonnet Trails Community Services can administratively close the case. A case can be administratively closed also if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, the investigator will issue one of two (2) letters to the complainant: a closure letter or a letter of finding (LOF).

- ✓ A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed.
- ✓ A letter of finding (LOF) summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member, or other action will occur.

If the complainant wishes to appeal the decision, they have 5 days after the date of the letter or the LOF to do so.

A person may also file a complaint directly with the: Texas Department of Transportation, Attn: TxDOT-PTN, 125 E. 11th Street, Austin, TX 78701-2483, or Federal Transit Administration, Office of Civil Rights, Attention: Title VI Program Coordinator, East Building, 5th Floor-TCR, 1200 New Jersey Ave., SE Washington, DC, 20590.

- ✓ If information is needed in another language, please contact a Rights Protection Officer at 512-244-8324.

Section 8: Public Participation Plan

Strategies and Desired Outcomes

To promote inclusive public participation, Bluebonnet Trails will employ the following strategies, as appropriate (make these determinations based on a demographic analysis of the population(s) affected, type of plan, program and/or service under consideration, and the resources available):

- ✓ Provide for early, frequent and continuous engagement by the public.
- ✓ Select accessible and varied meeting locations and times.
- ✓ Employ different meeting sizes and formats.
- ✓ Provide childcare and food during meetings, if possible.
- ✓ Use social media in addition to other resources as a way to gain public involvement.
- ✓ Use radio, television or newspaper ads on stations and in publications that serve LEP populations. Outreach to LEP populations may also include audio programming available on podcasts.
- ✓ Expand traditional outreach methods by visiting ethnic stores/markets and restaurants, community centers, libraries, faith-based institutions, local festivals, etc.

Section 9: Language Assistance Plan

Plan Components

As a recipient of federal US DOT funding, Bluebonnet Trails is required to take reasonable steps to ensure meaningful access to our programs and activities by Limited-English proficient (LEP) persons.

Limited English Proficient (LEP) refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

Bluebonnet Trails Language Assistance Plan includes the following elements:

Item #1: The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.

Item #2: A description of how language assistance services are provided by language

Item #3: A description of how persons with LEP are informed of the availability of language assistance service

Item #4: A description of how the language assistance plan is monitored and updated

Item #5: A description of how employees are trained to provide language assistance to LEP persons

Four Factor Analysis Methodology

To determine if an individual is entitled to language assistance and what specific services are appropriate, **Bluebonnet Trails** has conducted a *Four Factor Analysis* of the following areas: 1) LEP Demography, 2) Contact Frequency, 3) Importance of Service, and 4) Resources and Costs.

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient. In addition to the number or proportion of LEP persons served, Bluebonnet Trails will identify the following persons using the most recent census data and the electronic medical records of all individuals who are authorized for services across our eight-county service area:

- (a) How LEP persons interact with our agency;
- (b) Identification of LEP communities, and assessing the number or proportion of LEP persons from each language group to determine the appropriate language services for each language;
- (c) The literacy skills of LEP populations in their native languages, in order to determine whether translation of documents will be an effective practice; and
- (d) Whether LEP persons are underserved by the recipient due to language barriers.

Factor 2: The frequency with which LEP persons come into contact with the program could include:

- (a) Center attendance and program participation- referral for transportation assistance
- (b) Crisis evaluation and referral for transportation assistance

- (c) Participation in public meetings or events; request for information and assistance
- (d) Consumer service interactions; feedback on current services and interactions

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

Generally speaking, the more important the program for the individual, the more frequent the contact the individual has with Bluebonnet and the likelihood that language services will be needed will be significant factors in frequency of language assistance.

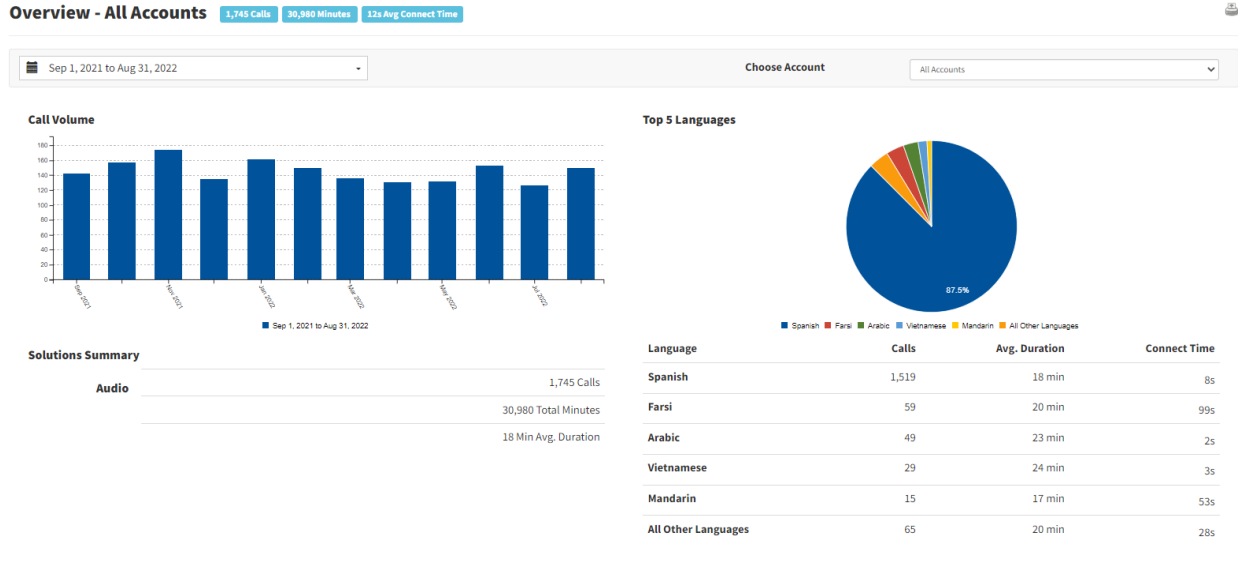

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach. Resource and cost issues can often be reduced by technological advances, reasonable business practices, and the sharing of language assistance materials and services among and between recipients, advocacy groups, LEP populations and Federal agencies. Due to the large number of individuals served, a significant number of LEP persons should ensure that their resource limitations are well substantiated before using this factor as a reason to limit language assistance.

The summary below discusses the low cost methods Bluebonnet Trails uses to provide outreach to LEP persons as well as train staff (and transit provider/lessee, if applicable) on Title VI and LEP principles.

Item #1 – Results of the Four Factor Analysis <i>(including a description of the LEP population(s) served)</i>
--

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered. (see FTA C 4702.31B, page Ch. III-7 for specific information needed for Factor 1.)

- Using 2016-2021 census data, 22% of individuals in the Bluebonnet Trails eight county catchment area speak a language other than English. Further, 8% of individuals in the catchment area have Limited English Proficiency (LEP).
- Broken down by language spoken in the catchment area, 36% of individuals who speak Asian and Pacific Island languages, 32% of individuals who speak Spanish and 13% of individuals who speak other Indo-European languages have LEP.
- Currently, Spanish-speaking individuals are the largest population of language assistance users served by Bluebonnet Trails. Spanish-speakers constitute 3% of the population served (roughly 700 individuals annually).
- Analysis of Fiscal Year 2022 usage of our contracted language translation service shows that Bluebonnet Trails staff made 1,745 calls requesting language translation and 13 document translation requests. Of the calls for language translation, 87% were for Spanish. After Spanish, the top three languages translated included Farsi, Arabic and Vietnamese.

Factor 2: The frequency with which LEP persons come into contact with the program.
 (see FTA C 4702.31B, page Ch. III-7 for specific information needed for Factor 2.)

- Staff receive monthly reports on all translation services broken down by location and language and number of encounters.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people’s lives. (see FTA C 4702.31B, page Ch. III-7 and Ch. III - 8 for specific information needed for Factor 3.)

- Bluebonnet Trails staff reviewed the nature and importance of the service and found that consistent and timely translation services are needed in all counties across all types of service.

Factor 4: The resources available for LEP outreach, as well as the costs associated with that outreach.
 (see FTA C 4702.31B, page Ch. III-7 and Ch. III - 8 for specific information needed for Factor 4.)

- Bluebonnet Trails reviewed its available resources for LEP outreach and found that Spanish is the most needed outreach secondary language. Our average cost to translate a document into Spanish is \$165.61. The cost per minute for Spanish translation is \$1.85.

Item # 2 – Description of how Language Assistance Services are Provided, by Language

- Language Assisted Services are provided as need via phone translation, document translation, online video translation and in-person translation.

Item # 3 - Description of how LEP Persons are Informed of the Availability of Language Assistance Service

- Posters are clearly displayed in all Bluebonnet Trails locations. Posters include written statements in American Sign language, Spanish, Arabic, Bengali, Burmese, Cantonese, Farsi, French, Hindi, Italian, Japanese, Korean, Mandarin, Napali, Polish, Portuguese, Punjabi, Russian, Romanian and Vietnamese. Any individual needing assistance can point to the language that best supports them.

Item # 4 – Description of how the Language Assistance Plan is Monitored and Updated

- Center Directors and Program managers receive feedback from office staff and direct care staff. Monthly statements that include all translation services and languages are available for review as needed. Any additional language requests can be requested through a third party translation service and available within 24 hours.

Item # 5 - Description of how Employees are Trained to Provide Language Assistance to LEP Persons

- Training on how to access translation services has been provided to all program directors, clinic support staff, and direct care staff.
